CAREER OBJECTIVE

I'm Anshum Mankar, a first-year student at MIT Academy of Engineering, diving headfirst into the world of computer engineering. Passionate about programming, I'm comfortable in C and having the basic knowledge of Python, and always on the lookout for the next exciting tech challenge. With a foundation in these languages, I thrive on creative coding projects and I am driven to pursue greater opportunities in life, seeking challenges that foster growth and development."

EDUCATION

- Vidya Sadhana Convent and High school-10th standard Pass in 2022
